

Bogacz, R.; Bajer, C.

Dynamic analysis of rolling contact problem by the space-time element method. (English)

Zbl 0951.74567

ZAMM, Z. Angew. Math. Mech. 80, Suppl. 1, S29-S32 (2000).

MSC:

74M15 Contact in solid mechanics

74H15 Numerical approximation of solutions of dynamical problems in solid mechanics

74S30 Other numerical methods in solid mechanics (MSC2010)

74-05 Experimental work for problems pertaining to mechanics of deformable solids

This reference list is based on information provided by the publisher or from digital mathematics libraries. Its items are heuristically matched to zbMATH identifiers and may contain data conversion errors. It attempts to reflect the references listed in the original paper as accurately as possible without claiming the completeness or perfect precision of the matching.
