

Weyl, Hermann

The classical groups, their invariants and representations. Reprint of the second edition (1946) of the 1939 original. (English) [Zbl 1024.20501](#)

Princeton Landmarks in Mathematics. Princeton, NJ: Princeton University Press. xiv, 320 p. (1997).

See the review of the original (1939) in [Zbl 0020.20601](#).

MSC:

- 20G05 Representation theory for linear algebraic groups
- 20-03 History of group theory
- 01A75 Collected or selected works; reprintings or translations of classics
- 13A50 Actions of groups on commutative rings; invariant theory
- 20C15 Ordinary representations and characters
