

Tate, J.

Rigid analytic spaces. (English) Zbl 0208.48301

Bures-Sur-Yvette (Essonne): Institut des hautes Études scientifiques (1962).

For a scan of this review see the [web version](#).

MSC:

- 32-02** Research exposition (monographs, survey articles) pertaining to several complex variables and analytic spaces
- 14-02** Research exposition (monographs, survey articles) pertaining to algebraic geometry
- 32A30** Other generalizations of function theory of one complex variable
- 30G06** Non-Archimedean function theory
- 14F20** Étale and other Grothendieck topologies and (co)homologies
- 32C99** Analytic spaces
