

**Batchelor, G. K.**

**Slender-body theory for particles of arbitrary cross-section in Stokes flow.** (English)

Zbl 0216.52401

J. Fluid Mech. 44, 419-440 (1970).

**MSC:**

76D07 Stokes and related (Oseen, etc.) flows

Cited in **1** Review  
Cited in **152** Documents

This reference list is based on information provided by the publisher or from digital mathematics libraries. Its items are heuristically matched to zbMATH identifiers and may contain data conversion errors. It attempts to reflect the references listed in the original paper as accurately as possible without claiming the completeness or perfect precision of the matching.
