

**Fefferman, Charles L.**

**Monge-Ampère equations, the Bergman kernel, and geometry of pseudoconvex domains.**

(English) [Zbl 0322.32012](#)

*Ann. Math. (2)* 103, 395-416 (1976).

For a scan of this review see the [web version](#).

**MSC:**

**32A25** Integral representations; canonical kernels (Szegő, Bergman, etc.)

**32T99** Pseudoconvex domains

**53B30** Local differential geometry of Lorentz metrics, indefinite metrics
