

Simons, S.

Local reflexivity and (p,q) -summing maps. (English) Zbl 0231.46033
Math. Ann. 198, 335-344 (1972).

For a scan of this review see the [web version](#).

MSC:

46B10 Duality and reflexivity in normed linear and Banach spaces
47B10 Linear operators belonging to operator ideals (nuclear, p -summing, in the Schatten-von Neumann classes, etc.)

Cited in **1** Review
Cited in **3** Documents

This reference list is based on information provided by the publisher or from digital mathematics libraries. Its items are heuristically matched to zbMATH identifiers and may contain data conversion errors. It attempts to reflect the references listed in the original paper as accurately as possible without claiming the completeness or perfect precision of the matching.
