

Bassetto, A.; Toller, M.

Harmonic analysis on the one-sheet hyperboloid and multiperipheral inclusive distributions.
(English) [Zbl 0286.46043](#)

Ann. Inst. Henri Poincaré, Nouv. Sér., Sect. A 18, 1-38 (1973).

For a scan of this review see the [web version](#).

MSC:

[46F99](#) Distributions, generalized functions, distribution spaces

[44A15](#) Special integral transforms (Legendre, Hilbert, etc.)

[43A30](#) Fourier and Fourier-Stieltjes transforms on nonabelian groups and on semigroups, etc.

This reference list is based on information provided by the publisher or from digital mathematics libraries. Its items are heuristically matched to zbMATH identifiers and may contain data conversion errors. It attempts to reflect the references listed in the original paper as accurately as possible without claiming the completeness or perfect precision of the matching.
