

**Kazdan, Jerry L.; Warner, Frank W.**

**Remarks on some quasilinear elliptic equations.** (English) Zbl 0325.35038  
*Commun. Pure Appl. Math.* 28, 567-597 (1975).

For a scan of this review see the [web version](#).

**MSC:**

- 35J60 Nonlinear elliptic equations
- 35P05 General topics in linear spectral theory for PDEs
- 35B20 Perturbations in context of PDEs
- 35B45 A priori estimates in context of PDEs
- 35B05 Oscillation, zeros of solutions, mean value theorems, etc. in context of PDEs

This reference list is based on information provided by the publisher or from digital mathematics libraries. Its items are heuristically matched to zbMATH identifiers and may contain data conversion errors. It attempts to reflect the references listed in the original paper as accurately as possible without claiming the completeness or perfect precision of the matching.
