

Chadam, John M.

Asymptotic behavior of equations arising in quantum field theory. (English) Zbl 0339.35059
Appl. Analysis 3, 377-402 (1974).

For a scan of this review see the [web version](#).

MSC:

- 35Q99** Partial differential equations of mathematical physics and other areas of application Cited in 4 Documents
- 35B05** Oscillation, zeros of solutions, mean value theorems, etc. in context of PDEs
- 35P25** Scattering theory for PDEs

This reference list is based on information provided by the publisher or from digital mathematics libraries. Its items are heuristically matched to zbMATH identifiers and may contain data conversion errors. It attempts to reflect the references listed in the original paper as accurately as possible without claiming the completeness or perfect precision of the matching.
