

Liu, Tai-Ping

Invariants and asymptotic behavior of solutions of a conservation law. (English)

Zbl 0392.35041

Proc. Am. Math. Soc. 71, 227-231 (1978).

For a scan of this review see the [web version](#).

MSC:

35L65 Hyperbolic conservation laws

35F25 Initial value problems for nonlinear first-order PDEs

Cited in **1** Review
Cited in **16** Documents

Keywords:

Conservation Law; Asymptotic Behavior of Solutions; Riemann Problem At Algebraic Rates; Initial Value Problem; Rankine-Hugoniot Condition; Entropy Condition; Riemann Data; Generalized Characteristic Curves

This reference list is based on information provided by the publisher or from digital mathematics libraries. Its items are heuristically matched to zbMATH identifiers and may contain data conversion errors. It attempts to reflect the references listed in the original paper as accurately as possible without claiming the completeness or perfect precision of the matching.
