Goodman, Jacob E.
Proof of a conjecture of Burr, Grünbaum, and Sloane. (English) Zbl 0444.05029
Discrete Math. 32, 27-35 (1980).

For a scan of this review see the web version.

MSC:

05B30 Other designs, configurations
05A15 Exact enumeration problems, generating functions

Keywords:

duality principle; arrangements of pseudolines; projective plane; orchard problem

Full Text: DOI
