

Bosch, Siegfried

A rigid analytic version of M. Artin's theorem on analytic equations. (English) Zbl 0462.14002
Math. Ann. 255, 395-404 (1981).

For a scan of this review see the [web version](#).

MSC:

14B12 Local deformation theory, Artin approximation, etc.
14G20 Local ground fields in algebraic geometry

Cited in 14 Documents

Keywords:

specialization theorem; affinoid algebra; Artin approximation

This reference list is based on information provided by the publisher or from digital mathematics libraries. Its items are heuristically matched to zbMATH identifiers and may contain data conversion errors. It attempts to reflect the references listed in the original paper as accurately as possible without claiming the completeness or perfect precision of the matching.
