

**Schelter, William**

**Non-commutative affine P. I. rings are catenary.** (English) Zbl 0375.16015  
J. Algebra 51, 12-18 (1978).

For a scan of this review see the [web version](#).

**MSC:**

**16Rxx** Rings with polynomial identity  
**16P10** Finite rings and finite-dimensional associative algebras

Cited in **2** Reviews  
Cited in **24** Documents

This reference list is based on information provided by the publisher or from digital mathematics libraries. Its items are heuristically matched to zbMATH identifiers and may contain data conversion errors. It attempts to reflect the references listed in the original paper as accurately as possible without claiming the completeness or perfect precision of the matching.
