

Spring, David

Convex integration of nonlinear systems of partial differential equations. (English)

Zbl 0507.35019

Ann. Inst. Fourier 33, No. 3, 121-177 (1983).

For a scan of this review see the [web version](#).

MSC:

35G20 Nonlinear higher-order PDEs

35A05 General existence and uniqueness theorems (PDE) (MSC2000)

35A30 Geometric theory, characteristics, transformations in context of PDEs

Cited in 4 Documents

Keywords:

[convex integration](#); [global existence](#); [underdetermined systems](#); [convexity conditions](#)

This reference list is based on information provided by the publisher or from digital mathematics libraries. Its items are heuristically matched to zbMATH identifiers and may contain data conversion errors. It attempts to reflect the references listed in the original paper as accurately as possible without claiming the completeness or perfect precision of the matching.
