

Peixoto, Mauricio Matos

On end-point boundary value problems. (English) Zbl 0525.34033
J. Differ. Equations 44, 273-280 (1982).

For a scan of this review see the [web version](#).

MSC:

34C30 Manifolds of solutions of ODE (MSC2000)

Cited in 7 Documents

Keywords:

geometrical aspects; end-point boundary value problems; lifted manifolds; transversality

This reference list is based on information provided by the publisher or from digital mathematics libraries. Its items are heuristically matched to zbMATH identifiers and may contain data conversion errors. It attempts to reflect the references listed in the original paper as accurately as possible without claiming the completeness or perfect precision of the matching.
