

**Liggett, Thomas M.**

**Two critical exponents for finite reversible nearest particle systems.** (English) Zbl 0527.60093  
*Ann. Probab.* 11, 714-725 (1983).

For a scan of this review see the [web version](#).

**MSC:**

**60K35** Interacting random processes; statistical mechanics type models; percolation theory

Cited in **3** Documents

**60J10** Markov chains (discrete-time Markov processes on discrete state spaces)

**Keywords:**

nearest particle systems; reversible Markov chains; critical exponents
