

**Shtan'ko, M. A.**

**Foundation hypothesis for polyhedra.** (English) [Zbl 0584.57013](#)  
*Math. Notes* 37, 426-428 (1985).

Translation from *Mat. Zametki* 37, No.5, 774-778 (Russian) (1985; [Zbl 0576.57017](#)).

**MSC:**

[57Q25](#) Comparison of PL-structures: classification, Hauptvermutung  
[57N13](#) Topology of the Euclidean 4-space, 4-manifolds (MSC2010)  
[57Q15](#) Triangulating manifolds

**Keywords:**

double suspension of a homology sphere; topological 4-manifolds; non-combinatorial triangulations; PL-Hauptvermutung; PL-manifolds

This reference list is based on information provided by the publisher or from digital mathematics libraries. Its items are heuristically matched to zbMATH identifiers and may contain data conversion errors. It attempts to reflect the references listed in the original paper as accurately as possible without claiming the completeness or perfect precision of the matching.
