La méthode (f,p) pour les groupes abéliens quasi-normés. (The (f,p) method for quasi-normed abelian groups). (French) [Zbl 0627.46084](#)

Lucr. Semin. Mat. Fiz. 1984, No. 2, 19-22 (1984).

The (θ,p) method of interpolation is extended to abelian quasi normed groups and the (f,p) method, where f is a function of class B_k .
