

Brin, Matthew G.

The algebra of strand splitting. II: A presentation for the braid group on one strand. (English)

Zbl 1170.20306

Int. J. Algebra Comput. 16, No. 1, 203-219 (2006).

MSC:

20F05 Generators, relations, and presentations of groups
20F65 Geometric group theory
20F36 Braid groups; Artin groups
20F55 Reflection and Coxeter groups (group-theoretic aspects)
57S25 Groups acting on specific manifolds

Cited in **2** Reviews
Cited in **11** Documents

Keywords:

Thompson groups; braid groups; Artin groups; finitely presented groups; normal form theorems; finite presentations; monoidal categories; braided tensor categories; braided versions

This reference list is based on information provided by the publisher or from digital mathematics libraries. Its items are heuristically matched to zbMATH identifiers and may contain data conversion errors. It attempts to reflect the references listed in the original paper as accurately as possible without claiming the completeness or perfect precision of the matching.
