

**Lahrech, Samir; Jaddar, Abdessamad; Ouahab, Abdelmalek; Mbarki, Abderrahim**  
**Some remarks about strictly pseudoconvex functions with respect to the Clarke-Rockafellar subdifferential.** (English) [Zbl 1121.49018](#)  
[Lobachevskii J. Math.](#) 24, 55-62 (2006).

The reader is referred to the book of *D. H. Hyers, G. Isac* and *Th. M. Rassias* [Topics in nonlinear analysis and applications, Singapore: World Scientific. xiii, 699 p. (1997; [Zbl 0878.47040](#))], for an extensive background knowledge and convexity results.

Reviewer: [Themistocles M. Rassias \(Athens\)](#)

**MSC:**

[49J52](#) Nonsmooth analysis

[49J50](#) Fréchet and Gateaux differentiability in optimization

**Keywords:**

Clarke-Rockafellar subdifferential; strictly pseudoconvex functions; convex set; multifunction; monotonicity
