

Luce, Robert; Poutous, Cécile; Thomas, Jean-Marie

Weakened conditions of admissibility of surface forces applied to linearly elastic membrane shells. (English) [Zbl 1319.74015](#)

Anal. Appl., Singap. 6, No. 3, 247-267 (2008).

MSC:

74K15 Membranes

74K25 Shells

74B05 Classical linear elasticity

This reference list is based on information provided by the publisher or from digital mathematics libraries. Its items are heuristically matched to zbMATH identifiers and may contain data conversion errors. It attempts to reflect the references listed in the original paper as accurately as possible without claiming the completeness or perfect precision of the matching.
