

Okniński, Jan**Finiteness conditions for semigroup rings.** (English) Zbl 0551.20051[Acta Univ. Carol., Math. Phys. 25, No. 1, 29-32 \(1984\).](#)

A description of semilocal semigroup rings of characteristic zero is announced. The full details as well as the case of locally finite semigroup rings of positive characteristic are given in the author's paper [*Glasg. Math. J.* 25, 37-44 (1984; [Zbl 0529.20052](#))].
