Propriétés élémentaires des surfaces K 3. (French) [Zbl 0574.14034](#)

Géométrie des surfaces K 3: modules et périodes, Sémin. Palaiseau 1981-1982, Astérisque 126, 45-57 (1985).

[For the entire collection see [Zbl 0547.00019](#).]

In this paper a brief and clear account is given of the main basic properties of the so called K 3 surfaces (complex analytic, compact and connected, smooth surfaces with no irregularity and trivial canonical bundle).
