Mathematical teaching and technical training from the legislation of the Grand Duchy of Tuscany to the Casati act. (Italian. English summary) [Zbl 1254.01017](#)

Boll. Stor. Sci. Mat. 31, No. 2, 167-176 (2011).

Between the end of the 18-th century and the beginning of the following one there was in Tuscany an awakening of the technical education, culminating in the “Regulations of the Tuscan Technical Institute” in 1857, and whose aim was the development of an industrial economy in the region.
