Gindikin, S. G.
Nonlinear equations of integral geometry (Rational curves on a two-dimensional manifold).
(English. Russian original) [Zbl 0707.14019]

See the review in Zbl 0599.14023.

MSC:
14H10 Families, moduli of curves (algebraic)
14J25 Special surfaces
53C65 Integral geometry
58C35 Integration on manifolds; measures on manifolds

Keywords:
complete subfamilies of rational curves; integral geometry
