Grundling, Hendrik; Neeb, Karl-Hermann
Crossed products of $C^*$-algebras for singular actions with spectrum conditions. (English)
Zbl 07340503

MSC:
46L40 Automorphisms of selfadjoint operator algebras
46L55 Noncommutative dynamical systems
46L60 Applications of selfadjoint operator algebras to physics
81T05 Axiomatic quantum field theory; operator algebras
81R15 Operator algebra methods applied to problems in quantum theory

Keywords:
$C^*$-algebra; group algebra; crossed product; topological group; singular action; spectral condition; cross representation
