Schütt, Carsten; Werner, Elisabeth M.
Affine surface area. (English) [Zbl 07756049]

Summary: We give an overview of the affine surface area, including its properties and its history.
For the entire collection see [Zbl 1519.42002].

MSC:
52A39 Mixed volumes and related topics in convex geometry

Keywords:
affine surface area; floating body; random polytopes
