Lin, Tzu-Chu

Best approximations and fixed points. (English) Zbl 0820.47064

MSC:

47H10 Fixed-point theorems
47H09 Contraction-type mappings, nonexpansive mappings, $A$-proper mappings, etc.
41A50 Best approximation, Chebyshev systems

Keywords:

fixed point theory; best approximation; continuous map defined on a compact convex set; continuous condensing map; continuous 1-set-contractive map
