Experimental designs. 2nd ed. 1st corr. printing. (English) Zbl 0850.62005
Wiley Classics Library. New York, NY: Wiley. xiv, 611 p. (1992).

Publisher's description: The first edition of this book was published in 1950 by Wiley. Both authors decided to do a second edition in 1957 because of the increased popularity of experimental design with research workers. For this edition, new techniques were added, as well as tables and examples from a variety of fields using experimental design. Also new to this volume are references at chapter endings, bibliography, author and subject index, tables throughout the text and tables of t and F.

MSC:
