

Wang, Xinghua

Convergence on the iteration of Halley family in weak conditions. (English) Zbl 0884.30004
Chin. Sci. Bull. 42, No. 7, 552-555 (1997).

The author obtains the convergence theorems of the iteration of Hally family in weak conditions by the point estimate.

Reviewer: H.T.Lau (Verdun/Quebec)

MSC:

30C15 Zeros of polynomials, rational functions, and other analytic functions of one complex variable (e.g., zeros of functions with bounded Dirichlet integral)
