Chen, Zongxuan

The growth rate of a solution to a class of higher-order linear differential equations. (Chinese. English summary) [Zbl 0966.34033]

Summary: The author studies the growth rate of solutions to a class of higher-order linear differential equations with entire coefficients.

MSC:
34C11 Growth and boundedness of solutions to ordinary differential equations
34A30 Linear ordinary differential equations and systems

Keywords:
growth; solutions; higher-order linear differential equations; entire coefficients
