**On quasi-copulas and metrics.** (English) [Zbl 1137.62335](#)

Cuadras, Carles M. (ed.) et al., Distributions with given marginals and statistical modelling. Papers presented at the meeting, Barcelona, Spain, July 17–20, 2000. Dordrecht: Kluwer Academic Publishers (ISBN 1-4020-0914-3/hbk). 1-8 (2002).

Summary: We review the notion of a quasi-copula and using quasi-copulas we induce in  $[0,1]$  some large families of metrics which show to have some interesting probabilistic interpretations.

For the entire collection see [\[Zbl 1054.62002\]](#).
