Wreath product of metric spaces. (English) [Zbl 1156.28310](#)
[Algebra Discrete Math.](#) 2007, No. 4, 123-130 (2007).

Summary: This paper describes a new construction of wreath product of metric spaces. The group of isometries of the wreath product of metric spaces is calculated.

MSC:

[28D15](#) General groups of measure-preserving transformations
