

He, Ji-Huan

Homotopy perturbation method for solving boundary value problems. (English)

Zbl 1195.65207

Phys. Lett., A 350, No. 1-2, 87-88 (2006).

MSC:

65N99 Numerical methods for partial differential equations, boundary value problems

Cited in **304** Documents

This reference list is based on information provided by the publisher or from digital mathematics libraries. Its items are heuristically matched to zbMATH identifiers and may contain data conversion errors. It attempts to reflect the references listed in the original paper as accurately as possible without claiming the completeness or perfect precision of the matching.
