

Tsyarkin, G. G.; Il'ichev, A. T.

Rigid transition to the Rayleigh-Taylor instability of interface in a porous medium. (English. Russian original) [Zbl 1257.76140](#)

Dokl. Phys. 51, No. 9, 523-527 (2006); translation from *Dokl. Akad. Nauk, Ross. Akad. Nauk*, 410, No. 3, 343-346 (2006).

MSC:

76S05 Flows in porous media; filtration; seepage

76E17 Interfacial stability and instability in hydrodynamic stability

This reference list is based on information provided by the publisher or from digital mathematics libraries. Its items are heuristically matched to zbMATH identifiers and may contain data conversion errors. It attempts to reflect the references listed in the original paper as accurately as possible without claiming the completeness or perfect precision of the matching.
