Runde, Ragnhild Kobro; Refsdal, Atle; Stølen, Ketil
Relating computer systems to sequence diagrams: the impact of underspecification and inherent nondeterminism. (English) Zbl 1259.68133

MSC:
68Q60 Specification and verification (program logics, model checking, etc.)
68M01 General theory of computer systems

Keywords:
sequence diagrams; computer systems; refinement; implementation; compliance; denotational trace semantics
