Bose, Prosenjit; Chen, Eric Y.; He, Meng; Maheshwari, Anil; Morin, Pat
Succinct geometric indexes supporting point location queries. (English) [Zbl 1295.68100]

MSC:
68P05 Data structures
68U05 Computer graphics; computational geometry (digital and algorithmic aspects)

Keywords:
geometric data structures; geometric queries; implicit data structures; membership; planar subdivisions; planar triangulations; point location; succinct data structures; succinct geometric indexes; vertical ray shooting
