

Kweon, S.; Benzerga, A. A.

Finite element implementation of a macromolecular viscoplastic polymer model. (English)

Zbl 1352.74387

Int. J. Numer. Methods Eng. 94, No. 10, 895-919 (2013).

MSC:

74S05 Finite element methods applied to problems in solid mechanics

65M60 Finite element, Rayleigh-Ritz and Galerkin methods for initial value and initial-boundary value problems involving PDEs

74C10 Small-strain, rate-dependent theories of plasticity (including theories of viscoplasticity)
