Coulon, Rémi

For the entire collection see [Zbl 1343.00034].

MSC:
20–02 Research exposition (monographs, survey articles) pertaining to group theory
57–02 Research exposition (monographs, survey articles) pertaining to manifolds and cell complexes
14–02 Research exposition (monographs, survey articles) pertaining to algebraic geometry
14E07 Birational automorphisms, Cremona group and generalizations
20F67 Hyperbolic groups and nonpositively curved groups
20F06 Cancellation theory of groups; application of van Kampen diagrams
20F65 Geometric group theory
57M07 Topological methods in group theory
57M50 General geometric structures on low-dimensional manifolds
