Remembering Hans-Peter Künzi (1955–2020). (English) [Zbl 1480.01040](#)

[Topology Appl.](#) 309, Article ID 107904, 6 p. (2022).

Summary: With this volume of contributions from colleagues and coauthors, we remember our colleague Hans-Peter Künzi, who served both UCT (the University of Cape Town, South Africa), for more than a quarter of century, as well as the broader community of topologists around the world, in the areas of General Topology, Category Theory, Topological Group Theory and Logic.

MSC:

- [01A70](#) Biographies, obituaries, personalia, bibliographies
- [00B25](#) Proceedings of conferences of miscellaneous specific interest
- [00B30](#) Festschriften
- [54-06](#) Proceedings, conferences, collections, etc. pertaining to general topology
- [06-06](#) Proceedings, conferences, collections, etc. pertaining to ordered structures

Keywords:

[general topology](#); [topological groups](#); [categorical topology](#)
